**"What have I given you
my highest approval on?"**

Well whatever it is, it's now second, because this is a four-stars, two-thumbs-up organization with salt-of-the-earth people doing the right things for veterans. If you have it in your heart, and you can carve out a little for the USA Cares.org people, we would appreciate it."

Dennis Miller
USA Cares
National Spokesperson

**"You guys are a gift from God.
My family and I thank you from the
bottom of our hearts!"**

*(From an Army Sergeant in the USA Cares
"Warrior Treatment Today" PTSD Program)*

the Sacrifice**

**with those
who
have
given
so much.**

USA Cares exists to help bear the burdens of service by providing post-9/11 military families with financial & advocacy support in their time of need.

USA Cares is a 501(c)3, non-profit organization and, with support of Americans like you, has provided over \$7,200,000 to the thousands of military families who have requested help.

Multiple deployments have placed significant stress upon our military personnel and their families. The military support infrastructure, though extensive, is often too slow to prevent personally catastrophic disruptions to families who have a loved one in the service. Components such as the National Guard and Reserve face additional challenges such as maintaining jobs and homes while they deploy in support of national objectives.

Since its founding in 2003, USA Cares has provided monetary and advocacy support to veterans and military families who have fallen between the cracks of the government support structure. We serve all branches, components, and ranks, while protecting the privacy and dignity of every family. All assistance is in the form of grants; not loans. No fees are ever charged, and no repayments are ever requested.

“Thank you so much for helping me and my family get by during my time in the Veteran’s Hospital. I don’t know how I would have been able to make it or concentrate on getting better without the help from USA Cares and the people who donate to the organization.

God bless all of you!”

Jon-Paul, Maine

USA Cares Programs That Provide Critical Support.

In addition to long deployments and injuries, military families have to deal with the financial hardships that war can bring.

1. Combat Injured

USA Cares provides assistance in critical areas not covered by government programs. We also help with essential bills while service members get prescribed Post Traumatic Stress Disorder or Traumatic Brain Injury rehabilitation treatment.

2. Housing Assistance—Keeping military families in their homes.

USA Cares has saved over one-thousand military family homes from foreclosure or eviction.

Our national Military Family Housing Lender Education Program is showing mortgage lenders and real estate professionals how to work with military clients to help them get adequate, affordable housing.

3. Jobs For Vets

This program is designed to reduce joblessness among OIF/OEF veterans by utilizing a combination of financial assistance, industry training, referral and facilitation. Priority is given to combat injured, Guard and Reserve unemployed veterans with an emphasis on gaining a career – not just a job.

4. Basic Needs

Financial assistance is given to keep the lights on, the home warm, food on the table and the car in the driveway. All payments are made directly to providers, not to clients, ensuring accountability of donor dollars.

Sharing The Sacrifice

“I honestly don’t know how we would be making it right now without your help. When it seemed as though there was no way out, USA Cares stepped in and now my husband will be able to get the help he needs. We cannot say thank you enough!!!”

Rudy and Andrea, Waco, Texas

Every donation makes a difference for those who protect us. Even small donations help do big things for military families in need. At USA Cares, it’s our mission to help bridge the gap between the benefits they receive, and the help they need. Please help us give back to those who have given so much to our country.

When you give to USA Cares, rest assured your dollars WILL make an immediate and significant difference in the lives of military families.
